

"My oldest daughter has attended Camp Cherokee for 3 years and my youngest for 2 years. They both really enjoy the atmosphere and experience. My oldest daughter did the middle school experience last summer. She couldn't stop talking about it. I think that format really works well. Adding the air conditioning was great. Our youngest daughter is very prone to the heat. I felt better knowing there was some options to help her keep cool."

"Our son attended Camp Cherokee for the first time this summer. He is a twin and had never been away from here--or us--for more than a night here and there in 10 1/2 years. His experience was tremendous and he still TO THIS DAY talks weekly about the friends he made and how much fun he had."

"Our son attended the Middle High camp in July. Other than Camp Cherokee, he has not attended any other camps in the area. If you would like feedback on his participation at Camp Cherokee - HE LOVED IT! He came back from camp with a huge smile on his face and lots of great memories to share. He's already looking forward to being a camp counselor when he's old enough (he's only 12). As parents, we loved sending him to Camp Cherokee. He came back a better kid than when he left and we've noticed a difference in his participation at church/youth group."

DISCOVERY CAMP

A perfect way to introduce the joy of Christian camping to our youngest brothers and sisters in Christ. These sessions are designed to light the fire of Christian community in the hearts of our most energetic campers. For first time campers the three night session might be just right, while for braver, more experienced young ones the five night session might be more what you are looking for. You and your child choose!

EXPLORATION

Rising 4th through 6th Grades

Exploration sessions allow campers to explore the journey with Christ in their own lives. Skits and games, worship and swimming will set the stage for meaningful small group Bible studies and larger group Christian fellowship.

CIT PROGRAM NEW

Entering 9th-Completed 12th Grades

This redesigned program is open to all Sr. High campers but strictly limited to 8 spaces per week on a first come first serve registration basis. During the C.I.T. (Counselor In Training) program campers participate in a resident camp session that mixes the fun of a typical resident camp program with the education necessary to understand the role of a counselor at Camp Cherokee. During each C.I.T. session campers will be provided with limited opportunities to practice their leadership skills and techniques under close supervision. C.I.T.s REGISTER ONLINE LIKE ALL OTHER RESIDENT CAMP SESSIONS.
